

PROPOSED PIPELINES IN TRIBAL HOMELANDS

Contained on this map are some of the major pipeline proposals in North America. These cover various industries, such as liquid petroleum, natural gas, among many others. This visual representation shows the various historic Tribal homelands that these pipelines traverse.

We invite any suggestions that will lead to more accurate information for further printings, and apologize in advance for any inaccuracies. To purchase a copy please call 949-415-4961 or visit www.tribalnationmaps.com
